

#429RED High Temp Grease 14 oz tubes 10/case

An Extreme Pressure Multi-Purpose Grease Designed for Extended Intervals

iLast Hi-Temp Red Grease is engineered for extended use in many agricultural, automotive, construction, and industrial applications and provides a tough, lubricating film for moving parts.

With its lithium complex and state-of-the-art additive package, iLast Hi-Temp Red Grease meets the ever-increasing equipment requirements for film strength, operating temperatures, stability, and lubricant life.

Additionally, iLast Hi-Temp Red provides superior protection against spalling and wear as well as excellent protection against rust and corrosion.

This multi-purpose lubricant is ideal for use on:

- Wheel bearings
- Ball joints
- Universal joints
- Water pumps
- Fifth wheels
- Ball and roller anti-friction bearings
- Conventional sleeve bearings

#5733 Caulk Gun

Half-barrel with smooth rod and quick release mechanism

For grease tubes, glazing, sealants, caulks, etc

Performance Attribute	Performance Benefit
Premium Base Oils	We begin with quality base stocks that provide excellent performance and pumpability in cold temperatures, oxidative stability, and retains film thickness.
Lithium Complex	Our lithium complex provides a high temperature operating range with a dropping point of 500°F.
Fortified With Special Polymers	Our polymer package reduces oil separation and stays in application longer while resisting water washout.
Extreme Pressure Performance	An extreme pressure additive package helps moving components withstand heavy shock loads and prevents wear.
