

FlexSweep Brooms

Flex-Power - **Unbreakable** - World's Toughest Broom - Reduces Muscle Strain - Shock Absorbing - One Minute Assembly

Can your handle bend like this and not break?

"Crash" tested over 1 million times without breakage or deformation.

The patented connectors allow handles to **flex** upon sudden impact. This absorbs the shock and **protects the broom**, the object it is hitting, and the person sweeping.

#811-(SIZE)

#812-24

**WORLD'S
TOUGHEST
BROOM!**

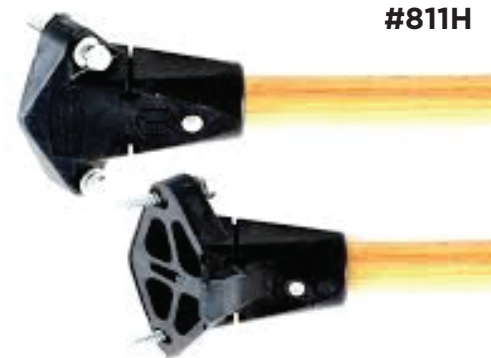

No center holes-
the weakest point!
